Dear Supervisors:

**SERVICES CONTRACT
WATER RESOURCES CORE SERVICE AREA
AWARD OF SERVICES CONTRACTS FOR
ON-CALL CLOSED-CIRCUIT TELEVISION VIDEO INSPECTIONS AND
INDUSTRIAL VACUUM CLEANING AND JETTING SERVICES
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

Public Works is seeking Board approval to award three services contracts to National Plant Services, Inc., for on-call closed-circuit television video inspections and industrial vacuum cleaning and jetting services at Public Works Stormwater Maintenance Division East Area, West Area, and South Area.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the contract work is categorically exempt from the provisions of the California Environmental Quality Act.
2. Award the three services contracts to National Plant Services, Inc., for on-call closed-circuit television video inspections and industrial vacuum cleaning and jetting services for the East Area at an annual contract sum of \$3,000,000; for the West Area at an annual contract sum of \$1,500,000; and for the South Area at an annual amount of \$5,500,000. These contracts will be for a term of 1 year with three 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential contract term of 54 months and a maximum potential contract sum of \$14,850,000 for the East Area; \$7,425,000 for the West Area; and \$27,225,000 for the South Area; respectively.

3. Delegate authority to the Director of Public Works or his designee to execute these contracts to renew the contracts for each additional renewal option and extension period if, in the opinion of the Director of Public Works or his designee, National Plant Services, Inc., has successfully performed during the previous contracts period, and the services are still required; to approve and execute amendments to incorporate necessary changes within the scope of work; and to suspend work if it is in the best interest of the County to do so.

4. Delegate authority to the Director of Public Works or his designee to annually increase the contracts amount up to an additional 10 percent of the annual contracts sum, which is included in the maximum potential contracts sum for unforeseen additional work within the scope of the contracts if required, and to adjust the annual contracts sum for each option year over the term of the contracts to allow for an annual cost-of-living adjustment in accordance with County policy and the terms of these contracts.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of the recommended action will award three services contracts to National Plant Services, Inc., to provide on-call closed-circuit television video inspections and industrial vacuum cleaning and jetting services at Public Works Stormwater Maintenance Division East Area, West Area, and South Area. The work to be performed will consist of providing on-call closed-circuit television video inspections and vacuum cleaning and jetting services for subterranean vaults; pump plant; low flow diversions sumps and forebays; in-ground stormwater debris capturing devices; stilling wells at various spreading grounds and channels, underground storm drains, and catch basins, as well as cleaning material from subsurface chambers, structures, and drains by utilizing vehicle-mounted, and heavy-duty vacuum cleaning and jetting-type equipment. The recommended contractor has the specialized expertise to accurately, efficiently, timely, and in a responsive and cost-effective manner support Public Works. Public Works has contracted these services since 1983.

The services provided under these contracts will be used to perform tasks, such as inspection of small drains that are inaccessible to staff as part of the pipe condition assessment program; clean and open clogged drains to prevent or eliminate street flooding; flush ocean outlet drains to restore drain functionality and avoid flooding in the upper watershed; and remove sediment from sumps and forebays of pump stations to maintain their functionality and from stormwater quality facilities to meet National Pollutant Discharge Elimination System requirements.

Implementation of Strategic Plan Goals

These recommendations support the County Strategic Plan: Strategy III.3, Pursue Operational Effectiveness, Fiscal Responsibility, and Accountability, and Objective III.3.2, Manage and Maximize County Assets, by supporting ongoing efforts to manage and improve public infrastructure assets by contracting with a contractor that has the specialized expertise to provide these services accurately, efficiently, timely, and in a responsive manner to support Public Works in meeting these goals.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

These amounts are based on Public Works' estimated annual utilization of the contractor's service at the unit prices and hourly rates quoted by the contractor.

Any unused authorized amounts up to 25 percent from the previous contract terms will roll over into subsequent renewal terms. These contracts' initial term is for 1 year with three 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential contract term of 54 months with an estimated maximum potential contract sum of \$14,850,000 for the East Area; \$7,425,000 for the West Area; and \$27,225,000 for the South Area. These amounts are based on the annual unit prices quoted by the contractor and our estimated annual utilization of the contractor's services. Adjustments will be made to the annual contract sums for each option year over the term of these contracts to allow for an annual cost-of-living adjustment in accordance with County policy and the terms of these contracts.

Funding for these services is included in the Internal Service Fund (B04) Fiscal Year 2021-22 Budget (Services and Supplies), which will be reimbursed by the Flood Control District Fund (B07). Funds to finance the contracts' optional years and 10 percent additional funding for contingencies will be requested through the annual budget process.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The recommended contractor, National Plant Services, Inc., is located in Long Beach, California. These contracts will commence on April 11, 2022, or upon the Board's approval and execution by both parties, whichever occurs last, for a period of 1 year. With the Board's delegated authority, Public Works may renew these contracts for three 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential total contract term of 54 months.

County Counsel will review the contracts as to form (Enclosure A.1-A.3) prior to approval. The recommended contracts with National Plant Services, Inc., were solicited on an open-competitive basis and are in accordance with applicable Federal, State, and County requirements.

A standard service contract has been used that contains terms and conditions in compliance with the Board's ordinances, policies, and programs. Enclosure B reflects the proposers' utilization participation and community business enterprise program information. Data regarding the proposers' minority participation is on file with Public Works. The contractor was selected upon final analysis and consideration without regard to race, creed, gender, or color.

Public Works has evaluated and determined that the contracted services are specialized and required on an on-call, specialized, and intermittent basis; therefore, Proposition A (County Code Chapter 2.121) and the Living Wage Program (County Code Chapter 2.201) do not apply to this contract. In addition, the contractor understands and agrees that this contract work involves public works as defined by Section 1720 of the California Labor Code. The contractor represents and warrants that the contract is in full compliance with the applicable provisions of the Labor Code relating to payment of prevailing wages for all prevailing wage work.

These contracts include a cost-of-living adjustment provision, which is in accordance with Board Policy 5.070, Multi-Year Services Contract Cost of Living Adjustments.

ENVIRONMENTAL DOCUMENTATION

These services are categorically exempt from the provisions of the California Environmental Quality Act (CEQA). These services are within the class of projects that have been determined not to have a significant effect on the environment in that they meet the criteria set forth in Section 15301 of the CEQA guidelines and Class 1 of the County's Environmental Document Reporting Procedures and

Guidelines, Appendix G. In addition, based on the contract requirements, all work will comply with all applicable regulations, and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled pursuant to Government Code Section 65962.5, or indications that it may cause substantial adverse change in the significance of a historical resource that would make the exemption inapplicable.

CONTRACTING PROCESS

On July 27, 2021, a notice of the Request for Proposals was placed on "Doing Business with the County" website (Enclosure C), "Do Business with Public Works" website, Twitter, and advertisements were placed in the Los Angeles Daily Journal, Los Angeles Sentinel, La Opinión, The Daily Breeze, The Signal (Santa Clarita), World Journal, Watts Times, Malibu Times, Press Telegram, and Pasadena Star News. Also, Public Works informed 1,660 Local Small Business Enterprises; 192 Disabled Veteran Business Enterprises; 189 Social Enterprises; 873 Community Business Enterprises; and 56 independent contractors, various business development centers, and municipalities about this business opportunity.

On August 31, 2021, five proposals were received, two proposals for the East Area, two proposals for the West Area, and one proposal for the South Area of Stormwater Maintenance Division. All proposals were evaluated by an Evaluation Committee consisting of Public Works staff. The evaluation was based on criteria described in the Request for Proposals, which included the price, experience, work plan, references, and equipment, utilizing the informed averaging methodology for applicable criteria. Based on this evaluation, it is recommended that these contracts be awarded to the highest rated, apparent responsive and responsible, lowest cost proposer, National Plant Services, Inc., located in Long Beach, California.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of these contracts will continue the services without disruption to the public and will not result in the displacement of any County employees as these services are presently contracted with the private sector.

CONCLUSION

Please return one adopted copy of this Board letter to Public Works, Business Relations and Contracts Division.

Respectfully submitted,
